Tri-Alliance White Paper – Intellectual Property & Governance Protection Clause

The Tri-Alliance White Paper, including all research, analysis, governance principles, technical frameworks, diagrams, terminology, definitions, deductions, conclusions and all content contained within its twelve (12) Governance Tabs, constitutes original intellectual property developed by Global Integrated Care International and the Tri-Alliance Governance Consortium.

All components of the White Paper – including but not limited to:

Governance-Mediated AI

Technology Neutrality

Foundation Model Independence

Governance-Orchestrated Intelligence

ElderCare Governance

Physician-Support Governance

Safety, Transparency, Accountability and Auditability Principles

Telemetry and Operational Governance

Heather and Mary Governance Architecture

Speech-to-Speech Governance Framework

Multi-Jurisdictional Governance Pathways

All diagrams, illustrations, and conceptual models
are protected intellectual property.

No part of the White Paper, its twelve (12) Governance Tabs, or any associated research, terminology, frameworks or conclusions may be:

copied

reproduced

distributed

modified

incorporated into other documents

used for commercial purposes

used to develop competing governance frameworks

used to develop competing AI systems

or used to create derivative works

without explicit written permission from Global Integrated Care International.

The Tri-Alliance Governance Standard is a protected institutional asset. Its principles, terminology, architecture and governance methodology may not be appropriated, repurposed or reinterpreted outside the Tri-Alliance without authorization.

Unauthorized use is strictly prohibited.
