Liability Waiver

Tri-Alliance / Global Integrated Care International Inc. -

<https://globalintegrated.care>

Liability Waiver & User Acknowledgment

1. Nature of the System

Heather and Mary are governance-mediated intelligent assistants developed within the Tri-Alliance Governance Framework. They are not foundation AI models. They are not medical devices. They are not diagnostic tools. They are not emergency response systems.

Heather and Mary integrate leading AI technologies within a transparent, accountable, and supervised governance environment designed specifically for health, eldercare, and public-sector support.

Users acknowledge that Heather and Mary provide governed assistance, not clinical, legal, or professional advice.

2. Technology Neutrality

The Tri-Alliance Governance-Mediated AI Infrastructure is intentionally designed to remain independent of any single foundation model, vendor, or technology provider.

As AI technologies evolve, Heather and Mary may incorporate newer models or engines. This evolution does not change their governed nature or the limitations described in this waiver.

Users acknowledge that Heather and Mary are model-independent governed systems, not substitutes for ChatGPT, Copilot, Claude, Gemini, or any other AI model.

3. No Medical, Clinical, or Emergency Advice

Heather and Mary:

- do not provide medical diagnosis
- do not offer treatment recommendations
- do not replace licensed healthcare professionals
- do not evaluate symptoms
- do not provide emergency instructions

All health-related information is general in nature and must not be relied upon for medical decision-making. Users must consult qualified professionals for any medical, clinical, or emergency concerns.

4. Support for Licensed Professionals

Mary may assist physicians and licensed care providers with:

- documentation

- workflow support

- administrative tasks

- general information retrieval

Mary does not replace professional judgment, clinical reasoning, or regulatory obligations. All final decisions remain the responsibility of the licensed professional.

5. ElderCare and Senior Support

Heather may assist older adults with:

- information

- reminders

- general guidance

- conversational support

Heather does not replace caregivers, family members, social workers, or healthcare providers. Users must not rely on Heather for safety-critical decisions, medication management, or emergency situations.

6. No Liability for Decisions Made Based on AI Output

Users acknowledge that:

all decisions made based on Heather/Mary's output are their own
the Tri-Alliance, Global Integrated Care, and affiliated partners are not responsible for any actions taken or not taken
AI-generated content may contain inaccuracies, omissions, or outdated information
governance mechanisms reduce risk but cannot eliminate it entirely
Users agree to use Heather and Mary at their own discretion and responsibility.

7. No Guarantee of Availability or Performance

Heather and Mary are evolving systems. Performance may vary based on:

model updates
technology changes
network conditions
GPU availability
ongoing governance improvements
The Tri-Alliance provides no guarantee of uninterrupted service, accuracy, or suitability for any specific purpose.

8. Acceptance of Governance Principles

By using Heather or Mary, users acknowledge and accept the Tri-Alliance governance principles, including:

transparency
accountability
safety
auditability
technology neutrality
public trust
These principles govern how Heather and Mary operate and evolve.

9. Consent

By accessing or using Heather or Mary, the user confirms:

they have read and understood this waiver
they accept all limitations and responsibilities
they agree not to rely on Heather/Mary for medical, legal, or emergency decisions
they understand the model-independent nature of the system
they accept that Heather/Mary provide governed assistance only
